Summer Break Is An Ideal Time For Wisdom Teeth Removal

School is about to be done, and your children are probably already planning a summer of fun. However, did you know summer break is the ideal time for your children to have their wisdom teeth removed.

Your teenager might not want to hear this, but summer is the ideal time to schedule their surgery. After a wisdom teeth extraction, there is a necessary period of recovery. During school year, this could mean a few days or even a week of missed classes. Scheduling the surgery during summer can help your children concentrate on resting and recovering without stressing on missed assignments.

If your children are late teens and leaving for college, now is the ideal time to plan for wisdom teeth removal. The last thing you would want to receive is a phone call from your child in terrible pain from wisdom teeth eruption.

Need more information about wisdom teeth extraction? Or thinking of scheduling an appointment for this summer? Contact us today to discuss options with our experienced and caring dental team.

We have published this newsletter to pass along new information about dental health, and information about our practice. We hope you will find this as a great source of useful dental health information. Dentistry is our passion and we believe that great patients are at the heart of any successful dental practice. We have enjoyed meeting all of you and look forward to building long-lasting relationships and providing you and your family with the best in dental care.

Welcome New Patients!

In the past year over 1000 new patients joined our dental practice. Our new patients chose our practice on the recommendation of dentists, friends, family, neighbors and coworkers.

Many thanks to all who have shown confidence in us by recommending our practice to others!

**HAVE A
COFFEE ON US!**

Have coffee on us! This year, we will be recognizing our patients for referring friends & family to our practice. Just have them write your name under referred by.

We thank you in advance!
